The Voice of
RARE DISEASE PATIENTS
in Europe

« Better lives and cures for people living with a rare disease »

EURORDIS.ORG

WHO WE ARE

EURORDIS-Rare Diseases Europe is a unique, non-profit alliance of over 700 rare disease patient organisations from more than 60 countries that work together to improve the lives of the 30 million people living with a rare disease in Europe.

By connecting patients, families and patient groups, as well as by bringing together all stakeholders and mobilising the rare disease community, EURORDIS strengthens the patient voice and shapes research, policies and patient services.

RARE DISEASES

OVER
6000
distinct rare diseases

Each one affects fewer than
1 IN 2000
PEOPLE

All together, an estimated

30 MILLION PEOPLE are living with a rare disease in Europe and

300 MILLION worldwide

Affects between
6% AND 8%
of the population in the course of their lives

NO CURE for the vast majority of diseases and few treatments available

OUR MEMBERS

Over **700** member patient organisations from **60+** countries

ADVOCATING FOR PATIENTS

We advocate to ensure that healthcare and social policies and services, research, and the development of medicines take into account the real needs of people living with a rare disease and their families. Our advocacy is fuelled by real-life experiences of the rare disease community.

ENGAGING PATIENTS

We make possible the engagement of patients in decision-making processes so that the patient voice is active, amplified and meaningful in research and medicines development, as well as in both healthcare and social policies and services.

EMPOWERING PATIENTS

By uniting the rare disease community and building the capacities of patients, we empower them to become advocates equipped with the knowledge and skills needed to fight for better lives.
